## SPIDERCONFIGURATOR

<i>List of modifications</i>	<i>From:</i>	01.000.02.00 / 04/06/2014
	<i>To:</i>	01.000.02.00 / 04/06/2014

**Module:** General

**Notes:** 1

**Note:** M08-48

### Bulk Loader

This feature allows you to load, within the database, a configuration of templates for Spider. It also allows to calculate the differences between the configuration to be loaded and the current one on the database and update it accordingly. The Bulk Loader reads some source excel files of two types: configuration documents and meta-template documents. Refer to the manual for more information on how to prepare the source files.

**Patch Situation**      01.000.01.00, 01.000.02.00
