

What's New?

SPIDERCONFIGURATOR

<i>List of modifications</i>	<i>From:</i>	01.000.05.00 / 01/09/2015
	<i>To:</i>	01.000.05.00 / 01/09/2015

Module: General

Notes: 2

Note: M08-92

SpiderConfigurator.ini file has been eliminated

All the information previously inserted and managed in SpiderConfigurator.ini file have been moved in the application database.

The file content is transferred in the database at the first run of the application.

From that moment onwards, the file is no longer necessary and it can be deleted from the installation directory of the application.

Patch Situation 01.000.05.00

Note: M08-95

Reverse Engineering

This release contains the reverse engineering module that allows the automatic generation of source configuration files based on an existing Spider configuration. This process is useful for making important changes to the configuration, without using the Spider Configurator interactive features.

Patch Situation 01.000.05.00
