

What's New

TMS

<i>List of modifications</i>	01.001.03.09 - 06/08/2019
------------------------------	---------------------------

Module: No subsystem

Notes: 4

Note: TMS-1381

Work Class progress export

Starting from this release, into the "Work Class Progress" view, you can select and automatically export each Subcontractor Excel file in one action.

Note: TMS-1429

Statistical & Quality Reports

Starting from this release you can create the "Statistical & Quality" reports based on the information coming from XML import file from Microsoft Project

Note: TMS-1431

Work Class Progress Edit

Starting from this release it is possible to automatically acquire a deliverable step progress simply double-clicking on the input cell.

Note: TMS-1432

Work Class progress import

Starting from this release, into the "Work Class Progress" view, the deliverables import process will be executed despite these ones will not match those present in TMS.

A report will be generated at the end of the import process to highlight the differences.
